

NAB "REBEL" IN S. CAROLINA; TWO STABBINGS

Kenneth David Matthews, 25, of West Gettysburg Inn and Orltanna, known, according to police, as "The Rebel," was in the Adams County Jail today in default of \$5,000 bail charged with assault with intent to kill and aggravated assault and battery following the stabbing of two local men.

Police said the stabbing occurred near the West Gettysburg Inn on January 23. Harold Augustus Dayhoff, 203 Hanover St., and James Alfred Hankey, 19 Fifth St., were wounded at that time and treated for their injuries at the Warner Hospital.

State police did not at first release the name of "The Rebel" who was reported as having been the person who had wielded the knife.

The officers searched here for Matthews, then extended the search to other states. Last Thursday police here learned Matthews might be at Charleston, S. C., at the home of his mother, Mrs. Mary Herndon. They notified Charleston authorities to be on the lookout and later received word that Matthews had been taken into custody there.

Saturday Sgt. Robert Smith and Pvt. Raymond Levinsky, of the local state police, returned Matthews to Gettysburg and took him before Justice of the Peace John Whitman, before whom the charge had been laid. Whitman placed bail at \$5,000 for a hearing on the charges and in default of bail placed Matthews in jail pending the hearing. Matthews asked some time to "think it over."

CHECK CASE ON TRIAL IN COURT TODAY

The February term of court opened today with trial of John Pavkovich, 33, Coopersburg, for attempting to defraud by means of a worthless check.

The charge, brought by a Biglerville R. D. poultryman, Roy H. Heckenluber, is based upon a check for \$2,592 given by Pavkovich to Heckenluber for a load of turkeys. The check, issued in November, has not as yet been paid.

Testimony showed that Pavkovich purchased three loads of turkeys, two during December. Two of the checks had been made good. Pavkovich said on the stand that he still owes Heckenluber for the one load of turkeys and intends to pay.

He explained the check problem by saying that he had been in partnership with his father, but that, when the partnership dissolved, a new account was opened and the money from the old account was removed. He also said that on two occasions in December, in purchasing from Heckenluber, he had asked that checks be held, because he did not have sufficient funds in the bank at the time the check was issued, but expected to have the money within a few days.

The jury in the case includes Ralph D. Myers, East Berlin R. 2; Arthur Shanbrook, Gettysburg R. 1; Mrs. Florence Gordon, Hampton; Mrs. Mae Millhimes, New Oxford R. 2; William Eisenhower, East Berlin R. 2; Harry Mumper, York Springs; Robert Harner, 223 Baltimore St.; Mrs. Alma B. STATE AUDIT FINDS FLAWS IN METHODS OF LOCAL SCHOOLS

State Auditor General Charles F. Smith has recommended to most school districts in the Gettysburg Joint School System, and to the joint school system itself, several changes in their bookkeeping and financial policies as a result of a 1959 audit made of those districts' records by the state.

Copies of the auditor general's reports and recommendations have been sent to Governor Lawrence, The Gettysburg Times and to the school districts concerned.

Kenneth G. Reinhart Jr., business manager for the Gettysburg Joint School System, said that the school district received its copies "several days ago" and that tentative plans have been made for school administrators and the finance and planning committee of the Joint School Board to go over the recommendations and present a report to the joint board.

Drop Rubber Stamp

"On the whole, we were pleased with the reports," he said, and noted that one of the procedures complained about in the state report—the using of a rubber stamp for the president's signature on school checks—already has been discontinued.

He explained that 300 or more checks are issued monthly by the joint school district and, to avoid having the board president sign his name that many times, a rubber stamp was secured. "Since the new president, Ralph W. Guise, took over we have not been using the stamp but Mr. Guise has been signing all of the checks. We are not planning to have a stamp made of his name."

The state audit covered the 1957-1958 school year, ending July 6, 1958.

Asks Share From Sale By Sheriff

Gladys Shearer, York Springs R. 2, is seeking \$239.74 from the \$500 secured by the sheriff in selling the property of Christian Livingston, late of Huntington Twp., according to a petition filed in the county court.

The petition states the county sold the property for back taxes. The \$500 secured from the sale left a balance of \$328, after costs were removed. The sheriff distributed \$42.20 representing the tax liens, to the county and turned over the remainder to the institution district based upon on \$2,000 lien the county had placed on the property in 1957. In her petition, Gladys Shearer states that she held a judgment of \$410 against Christian Livingston and says that \$39.74 of the amount distributed should go to her on the basis of her judgment against the property. The Adams County court set March 14 as time for a hearing on why it should not direct redistribution of the proceeds from the sale to comply with the petition.

DR. FINCH TO TELL OF PANIC AND HIS FLIGHT

LOS ANGELES (AP)—Dr. R. Bernard Finch was expected to testify today that he fled in panic from the spot where his estranged wife lay dead—shot, he says, by accident.

The rich surgeon testifies for the fourth day in his fight against the gas chamber.

He and his mistress, pretty Carole Tregoff, 23, are accused of murdering socially prominent Barbara Jean Finch, 36, outside the fashionable Finch home in West Covina last July 18.

Dramatic Recess
Dr. Finch's account left off Friday at the long trial's most dramatic moment so far—the moment his wife died.

As he knelt holding her hand and sobbing, he said, his wife murmured: "Take care of the kids."

Tears streamed from several jurors' eyes. The jammed courtroom held its breath, straining for every word.

Dr. Finch, 42, re-living those last minutes in his second wife's life, lost the pose which has marked his manner since the trial began in December.

Terrific Fight
He spoke haltingly, appearing to force his words through lips stiff with emotion. He trembled and fought for composure.

Dr. Finch denied the prosecution's charge he and Miss Tregoff waylaid Mrs. Finch to murder her. They merely wanted to ask if she wanted a Nevada divorce, he said, so he and Carole could get married sooner.

He said a terrific fight broke out between him and his wife the night of her death solely because Mrs. Finch produced a pistol and he feared she would shoot.

He said the pistol went off, fatally wounding Mrs. Finch, as he drew his arm back to throw it away.

Secretary Bloom reported a number of national and state organizations have written asking what they can do to help with the campaign. The board decided to prepare literature for organizations which wish to conduct campaigns among their members.

In a television interview Saturday afternoon over WGAL at Lancaster, G. Henry Roth of Gettysburg said the association seeks "one million dollars" in order to buy critical tracts of land which would immediately be turned over to the National Park Service. He spoke specially of the county home land, the Meals farm and the Wolf farm in the vicinity of Devil's Den as being typical of the sections of land desired by the Park Service.

"PERHAPS"

The word perhaps is one which I... try so hard not to use... because the only thing it does... is harass and confuse... it leaves a person wondering... what it is all about... perhaps is a vague answer... that's hard to figure out... it's not even a yes or no... it shrinks your confidence... leaving you to dangle... on a shaky fence... perhaps merely means maybe... maybe doesn't mean a thing... it keeps a person hanging... by a hair-thin string... and so I try to shun it... because I like to be... straight and forward to the point... "perhaps" you will agree.

MAN BOUND FOR SIX DAYS

DAYTON, Ohio (AP)—A comfortable hospital bed and plenty of good food must seem like heaven to Edgar Allen, 65, who lay on the floor of his home from last Monday to Saturday—bound hand and foot.

Allen, normally a 100-pounder, reduced to about 80 before he was found. But he was sprightly enough to greet his rescuer with "Boy, am I glad to see you, C'mon in."

Allen was saved when Gene Shaw, owner of a restaurant that he patronized daily, missed him. Shaw sent William Terry, of Union, Ohio, to Allen's home in near-by Englewood.

Terry discovered Allen tied with drapery cord. The retired department store employee said two teenagers had grabbed him outside his home, forced him inside and tied him up. Police said the pair took \$1.07, Allen's 1951 car and his dead wife's rings.

Another 24 to 48 hours and it would have been too late to save Allen, doctors at Good Samaritan Hospital here said. As it was, he suffered extreme malnutrition and dehydration.

LEVITTOWN, N.Y. (AP)—Lucy Creamer, the mother of eight, was killed last September in an auto accident near Bethesda, Md.

Her husband, Robert, invited his mother, Catherine, 69, to move in with the family to help raise the youngsters, whose ages ranged from 2 to 12.

She did, and the children were beginning to get over their mother's death. They had started calling their grandmother "Mother."

Saturday night the grandmother was struck and killed by a car.

YANKEES TOP BRITISH IN TURBIT RACE

By MARTHA COLE

WASHINGTON (AP)—Americans apparently have forged ahead of the British in a field where they once ruled the roost—in turbits.

A turbit is a pigeon. But it is not an ordinary sort of pigeon.

The new variety is reared by foster parents. Because the turbit normally has a very short beak, the young bird can't insert its beak into that of its parent to get food as the ordinary pigeon baby does.

Switch Eggs

So breeders mate two turbits and two long-beaked birds of another breed at the same time. When the eggs are laid, the breeders switch them. Thus long-beaked parents bring up the turbits and short-beaked turbit parents bring up the long-beaked youngsters.

The turbit, a hard bird to breed, got started about two or three centuries ago and was highly developed in England in the last century.

But according to the top turbit breeder in the country, in the last 50 or 60 years the Americans have changed the bird, using different standards from the English.

"Gone Way Ahead"

"We feel we've gone way ahead of them," said Philip L. Roof of nearby Hyattsville, Md.

Roof is executive assistant to the architect of the United States Capitol, a building with a few pigeon problems.

Roof isn't exactly enthusiastic about the common old type of pigeon. They're the same the world over, he said, from the U.S. Capitol dome to the sun-baked village squares of India.

STATE AUDIT

(Continued From Page 1)

system, the state report pointed to practices that needed correction in the operation of the Gettysburg borough, Cumberland, Franklin, Freedom and Highland Twp.

Only Straban's report came through without any recommendations for corrections.

Recommendations To Jointure

In their examination of the joint board's records the state men "found no evidence or receipt of merchandise or of verification of invoices supporting disbursements." It is recommended that receipt of merchandise be noted and that verification of extensions, additions and prices be indicated on invoices submitted to the board for payment.

Another section of the report says: "A comparison of budgeted and actual expenditures revealed that in some instances appropriate expenditures were overextended. We recommend that transfers of appropriations of particular items of expenditures be effected in accordance with Section 809 of the Public Code to correct this situation."

Suggest Payroll Plan

Noting several other "discrepancies," the auditor general made these recommendations "that expenditures be recorded in the fiscal year in which the check is written rather than in the year in which it was cancelled by the bank; that bank statements and cancelled checks be secured from the bank monthly and be reconciled monthly to book balances by a person other than the persons preparing and signing the checks and that the practice of affixing a rubber stamp signature on checks be discontinued and the actual signature of the president be secured." That already has been done.

The state also suggested that the number of checks for the president to sign could be reduced by creating a payroll account and the payroll checks issued from it bearing only one signature. The procedure for setting up and operating such an account is detailed in the state's report and included a recommendation that the school board be furnished with a copy of the payroll as a document supporting the payroll fund transfer.

Cumberland Twp.

The report on Cumberland Twp. noted that "books of account were not maintained during the period under review." Recommendations for keeping full accounts of the kind prescribed by law are made in the report. It was also noted that in a number of cases board minutes were not signed by the secretary.

The Cumberland report also recommended more complete bookkeeping records with regard to disbursements, prices and receipt of merchandise.

The final statement in the Cumberland report is one that appears in those for several other districts: "A comparison of budgeted and actual expenditures revealed that the budget was overexpended both as to particular items and in total. We recommend that the school board comply with Sections 609 and 687 of the school code when transfers of unexpended balances and additional or increased appropriations are necessary."

Gettysburg Borough

That same recommendation was made in the report on the Gettysburg borough school district and it further recommended against the practice of signing checks in blank. It is also recommended that the monthly treasury reports to the board be augmented by monthly bank statements and cancelled checks. "Reconciliation should be accomplished by someone other than the persons preparing and signing checks," the report added.

Franklin Twp.

In Franklin Twp. the recommendation was made about over-expending budgeted items and attention called to the school code bearing on such transfers of funds. It was discovered that the bank serving as the district depository does not furnish bond or collateral to secure school monies deposited there. Attention is called to school code provisions on this point. Better records on invoices, disbursements and receipt of goods also are made there.

Freedom Twp.

In Freedom Twp., the auditors found "nonpermanent" entries were being made in financial account books and recommended against this practice. The familiar notation about overexpending budget items and the required fund transfers was made here, too.

Highland Twp.

Highland Twp. came off with a single recommendation and that was the familiar one of over-expending some budget items and making proper record of fund transfers to cover them.

Auditor General Smith noted in his report to the governor that the recent audits were made under the fiscal code as interpreted by a recent opinion of the attorney general requiring the auditor general's department to audit local school districts as far as receipts and expenditures of state funds are concerned.

No report on Mt. Joy Township's audit was included in the reports submitted here with the other districts of the Gettysburg jointure. Mt. Joy also is a member of the Littlestown jointure.

Miss Nancy Jane Slusser, daughter of Mr. and Mrs. Charles W. Slusser, Littlestown R. 2, and George Arthur Snyder, son of Mr. and Mrs. Paul R. Snyder, 31 Prince St., Littlestown, were united in marriage on Saturday at 11:30 a.m. in St. Aloysius Catholic Church, Littlestown. Their

Prior to the ceremony Miss Anna C. Weaver, church organist, played special selections arranged by Lorenz and the wedding marches of Carl Rossmi. Miss A. Marie Budde, Littlestown, sang the following selections throughout the mass: "Jesus, the Very Thought of Thee," Marsh; "Panis Angelicus," Franck; "Ave Maria," Schubert; "Mother, At Your Feet We're Kneeling," and "O Lord I Am Not Worthy." The church was decorated with bouquets of red and white carnations on the altar and the pews were marked with white satin ribbon and white carnation arrangements.

The bride, who was given in marriage by her father, was attired in a white gown fashioned with the top of the bodice, long sleeves and bottom part of the full skirt in white silk illusion lace of wedding bell design. The empire waist and skirt were of rayon delustrated satin. Lace was applied to satin on the back of the bodice and scalloped lace extended from the waistline to the bottom of the street-length skirt in the back. The shoulder-length veil was of silk net and was caught by a satin half-hat. The bride made and designed both the gown and headpiece. She wore white satin shoes. She carried a bouquet of white philanopsis orchids decorated with white satin hearts.

Sister Maid Of Honor

Miss Lorraine Snyder, Littlestown, sister of the bridegroom, was maid of honor. She wore a red satin sheath dress with a matching belt forming a bow in the front. Her headpiece was matching red satin bows and she had red satin shoes. She carried a bouquet of white philanopsis orchids with red satin hearts.

The bridesmaids were Miss Myrna Long, Youngwood, Pa., college roommate of the bride, and Miss Charlotte Little, Hanover, cousin of the bride. They wore ensembles identical to Miss Snyder's. The dresses for Miss Snyder and Miss Little were hand-sewn by the bride. Miss Long made her dress and the headpieces for the attendants were made by Miss Long and the bride.

The mother of the bride wore a pink brocade street-length dress with pink hat and black accessories. She had a corsage of red carnations. The groom's mother wore a black and blue lacy print street-length dress with black accessories.

Bullet's Six-Game Streak Snapped As DuMars Leads Penn State To 77-62 Win

Penn State combined a strong zone defense and excellent outside shooting to build a comfortable first half lead and coast to a 77-62 win over the Bullets of Gettysburg College, Saturday evening on the winner's court before 4,800 fans. State's win snapped a Bullet six-game winning streak.

The Bullets, besides trying to stop junior Mark DuMars' long outside jump shots, gave away a great height advantage and consequently got off to a slow start. The Nittany Lions led 45-24 at intermission. DuMars registered 32 points throughout the game, with 22 counters coming in the first half of play.

Gettysburg, scoring only 10 goals and four fouls in the first 20 minutes, dunked their first two pointer after 2:10 minutes had gone by. Bob Parker, landed a jump from the foul circle after DuMars and Paul Sweetland had pushed State ahead 6-0. Wally Colander, Gene Harris and DuMars bounced back with goals before Parker rammed a corner jump and Ron Warner swished a foul.

Lions Pull Away

Sweetland retaliated with a pair of tap-ins. Bill Fitzkee came back with a driving lay-up and Harris dunked another lay-up. Gettysburg then called time out with 12:09 showing on the clock and trailing 18-7. Penn State maintained an 11-point lead for three minutes, then began their climb with little difficulty.

Coach Bob Hulton's cagers came roaring back in the second frame and looked like a completely different outfit. Ron Warner opened the scoring with a jump, but DuMars matched Warner. Fitzkee then landed a foul. Ron Warner sank an outside shot, John Warner tapped in a rebound and Parker connected on a jump. At 16:47 DuMars hooped a long outside shot while Bill Hensing added a corner push.

Bullets Threaten

DuMars followed with another long outside, but Fitzkee drove in for a lay-up. John Warner capitalized on the fast break and Fitzkee converted a foul. With 14:40 left in the game, State's lead had been cut to 51-40. Three minutes later the Bullets threw a scare into the Lions as they closed the gap to nine points. Parker and John Warner matched DuMars from the free throw line while Sweetland banked a lay-up. Fitzkee and John Warner then converted a pair of drives through the middle and State now led 61-52.

Penn State was unable to increase its lead for the next four minutes, but at the same time the Bullets were unable to cut the opponents' lead.

Bob Parker paced the Gettysburg attack with 15 points on seven field goals and one of two fouls. Ron Warner netted 14. Paul Sweetland was runner-up to DuMars with 15.

Play At F. And M.

Gettysburg (9-7) will attempt to get back on their winning ways when they travel to Lancaster Wednesday for an engagement with Franklin and Marshall.

3,000-POINT MARK POSSIBLE FOR THE "BIG O"

Just how far can Oscar Robertson go with these scoring feats that are rounding out his brilliant collegiate career? Perhaps 3,000 points? Additional scoring records? Why not?

Actually, the sky is the limit for Robertson now that he has become college basketball's all-time point producer. He begins improving on his present mark of 2,600 tonight when his Cincinnati Bearcats, the nation's No. 1 team in the Associated Press' poll, take on Missouri Valley chum North Texas State.

Robertson has eight regular season games remaining, plus an unknown number of postseason tournament contests. If he keeps his 55.8 per game average, he will hit 2,886 points at the end of the season, and only four postseason games would surpass the 3,000 point mark. A successful NCAA or NIT tourney could do it.

He will have a little more opportunity now to concentrate on scoring since the Bearcats have their top defensive ace, Bob Weisenhan back after a month's absence with an ankle injury. Weisenhan played in last Saturday night's 67-55 victory over Houston.

His 2,600 points is also the three-season mark. The previous all-time record was set in four seasons by Dick Hemric, who finished with 2,587 points. The three-year mark that Robertson, a senior, broke last week was Frank Selvy's 2,538.

He has a few more in sight too. Career average—22.5 by Selvy. Robby has 35.4 to date.

Most field goals—Elgin Baylor's 956. Oscar has 910.

Most free throws—Hemric's 905. The Big O has 778.

He also can become the first ever to win the major scoring title three years in a row.

But Robertson's scoring feats, which also get a test Friday at St. Louis, are the least of the worries for most of the top teams this week. Bradley, ranked second nationally and tied for Missouri Valley leadership with Cincinnati after beating North Texas 101-61 Saturday, plays Houston tonight and Drake Saturday.

California, which leads the Big Five though it was idle last Saturday, has a toughie Thursday with Southern California which handed the Golden Bears their only loss in 18 games. Third-ranked California must also face tough UCLA on Saturday. Ohio State, (15-2 and No. 4), a 77-53 winner over Northwestern Saturday, leads the Big Ten with a 7-0 mark but has Wisconsin tonight and rugged Iowa Saturday.

West Virginia goes after its 42nd straight home victory tonight against NYU, then travels to New York's Madison Square Garden Thursday to play St. John's and resumes its Southern Conference scheduled Saturday against Richmond. The fifth-ranked Mountaineers easily handled George Washington 101-79 last Saturday, helped by Jerry West's 29 points and 31 rebounds.

Utah State, ninth-ranked and winner of 11 straight after whipping New Mexico 86-59 Saturday, meets Brigham Young this Saturday. Utah, No. 7 and a game back in the Skyline Conference, plays Montana the same night.

Elsewhere among the elite, Southeastern Conference leader Georgia Tech (No. 6) plays Louisiana State tonight in its only conference game this week; Villanova (No. 8) meets Pitt Thursday, then runs into NYU on Saturday; and tenth-ranked Texas A&M plays Arkansas Tuesday night to decide Southwest Conference leadership, and then meets Rice Saturday.

Atlantic Coast Conference leader North Carolina plays Clemson tonight, Wake Forest Thursday and Duke Saturday to test its standing while Kansas State, leader in the Big Eight, meets rival Kansas tonight. Ivy leader Dartmouth has no league action until the weekend when it meets Brown and Yale.

LUMLEY OF BOSTON GETS 77TH SHUTOUT

By THE ASSOCIATED PRESS

At 33, Harry Lumley is in the twilight of his National Hockey League career. In 14 seasons in the big league, he has collected 77 shutouts. But none was more important than his latest.

The veteran goalie is the guy the Boston Bruins have to thank for the fact they're back in a fourth place tie with Chicago. Sunday night, he turned back 27 shots in shutting out the second-place Toronto Maple Leafs 3-0.

In other action, the Detroit Red Wings, behind rookie Netminder Dennis Riggan, blanked Chicago 5-0 and the last-place New York Rangers downed the league-leading Montreal Canadiens 4-1.

Lumley's shutout was his 77th in NHL — 70 in regular season play and seven in the Stanley Cup playoffs. Bronco Horvath, the circuit's scoring leader, notched his 35th goal of the year for the Bruins. Guy Gendron and Leo Labine got Boston's other markers.

Norm Ullman paced Detroit's attack with two goals. Riggan, filling in for Terry Sawchuk, who completed a three-game rest, stopped 16 Black Hawks' shots.

The Rangers easily took the measure of the Canadiens for the fifth time this season. The league leaders have lost only 10 times.

LOCAL MATMEN DOWN MULES; PACILIO WINS

Middle Atlantic heavyweight champion Mike Pacilio led the Gettysburg College wrestling team to a 17-9 win over the winless Muhlenberg grapplers here Saturday afternoon before a large crowd.

Pacilio pinned Ed Callahan in 1:36 for his sixth straight pin in as many matches and the only fall of the match.

Tom Propst, wrestling in the 130-pound class, won his second straight match of the season by decisioning Ollie Breinig, 3-0. Norm and Pat Henry, Bullet combination, and John Young registered the remaining Gettysburg wins.

Coach Jack Ridinger's wrestlers (24) will entertain Bucknell in the Eddie Plank gym Wednesday at 8 p.m.

The results:

123—Rick Cobb, M, decisioned Jim Comas, 2-1; 130—Propst, G, decisioned Breinig, 3-0; 137—Gordon Warner, M, decisioned Bob Girvan, 4-1; 147—Norm Henry, G, decisioned Tom Kingsfield, 5-2; 157—Pat Henry, G, decisioned John Fegeline, 10-7; 167—John Young, G, decisioned Venice Russo, 8-4; 177—Charles Kunatlenian, M, decisioned Irv Lindley, 8-0; heavyweight—Pacilio, G, pinned Callahan, 1:36.

ST. FRANCIS SWEEP PAIR

Trailing throughout the first half, the St. Francis School dribblers rallied in the third period and went on to a 40-33 victory over St. John's at Westminster Saturday.

St. John's cut the gap to 35-33 midway in the last period but the locals spurred to clinch the decision. Cletus Redding led all scorers with 21 points while Boyer and Bollinger paced the losers.

The St. Francis fifth and sixth grade outfit won the preliminary 30-14 by taking advantage of its height and experience. Mike Baker and Ron Staub turned in good performances, particularly on the defense.

St. Francis will meet St. Andrews at Waynesboro Tuesday.

Coleslaw Solid Favorite As Salad, Says Mrs. Tunison

By MRS. HELEN TUNISON
County Home Economist

Coleslaw is the average American male's favorite salad. This is one dish equally appealing to truck drivers, ladies, teenagers and little shavers, which is probably the reason we eat well over two billion pounds of fresh cabbage every year. Crisp, tender shredded cabbage, knowingly sauced and seasoned, is good on any menu.

Even though there are food historians who say that cabbage is probably the most ancient of the vegetables we now use, it remained for the 17th century Dutch housewives along the Hudson to discover "slaw." Since that time hundreds — if not thousands — of variations have been dreamed up.

There are five distinct types of cabbage — Danish, domestic, pointed end and Savoy. Any or all of them can be used in making slaw. If you love your shredded cabbage ice-cream, cut it finely about an hour before serving and nestle a half dozen ice cubes in the bowl of cabbage. Sprinkle lightly with cold water and let it chill in the refrigerator until mixing time. Discard unmelted cubes and drain, if necessary, before adding dressing.

Low On Calories
All cabbage is low-calorie, about 109 to the pound. A very low calorie dressing can be made from equal parts of vinegar, water and sugar, well peppered and lightly salted. Add fresh celery, minced apples, pears or pineapple, green peppers, tomatoes or almost any other vegetable or fruit which tastes good raw.

While calories are low, cabbage is packed with food values. Count on it for lots of vitamin C, as well as vitamins A, B, and G and some of the minerals.

Beautiful fresh cabbage is coming to market from our southern states, so try some of these new shredded cabbage recipes.

Tossed Fresh Fruit And Cabbage Salad
1 quart shredded new cabbage, 1/4 cup diced celery, cup diced unpeeled red apples, cup green seedless grapes, cup fresh pineapple wedges, 1/2 tablespoon

salt, 1 1/2 teaspoon ground black pepper, 1/4 cup mayonnaise, 1/2 cup fresh lemon juice, 1/2 cup sugar, 1/2 cup salad greens (any kind) and five unpeeled apple slices

Combine cabbage, celery, apples, grapes, pineapple, salt, and black pepper. Mix mayonnaise, lemon juice and sugar. Pour over cabbage and fruit. Toss lightly. Serve in a salad bowl lined with salad greens. Garnish with unpeeled apple slices. Yield: 5 cups

New Cabbage With Ham
1/2 cup thinly sliced onion, cup shredded cooked ham, 2 tablespoons butter or margarine, 1 small red cabbage, shredded, 1 teaspoon salt, 1/4 teaspoon ground black pepper and fresh parsley. Sauté onion and ham (cut into 2" strips 1/2" wide) in butter or margarine. Add cabbage, cover and cook 5 to 10 minutes or until just crisp-tender, time depends upon the tenderness of cabbage. Add salt and black pepper. Toss lightly. Serve at once garnished with fresh parsley. Yield: 4 to 5 servings

Red Cabbage Slaw
4 cups finely shredded red cabbage, 1 cup diced cucumber, 2 tablespoons finely chopped onion, 1/2 teaspoon chopped garlic, 1 teaspoon salt, 1/2 teaspoon ground black pepper, 1/2 teaspoon crumbled whole basil leaves, 1/2 tablespoon fresh lemon juice, 2 1/2 tablespoons olive oil and whole olives for garnish.

Combine all ingredient in a bowl and toss lightly. Pile in a salad bowl and garnish with whole olives. Yield: 6 servings as antipasto or 5 servings as dinner salad.

WANT MAN'S MEAL

SAN ANTONIO, Tex. (AP) — A former Army private, now a Coffeyville, Kan., civilian, added new seasoning to an old story today.

He wrote to the cook at Brooke Army Medical Training Center's Mess Hall No. 3, where he used to eat. He asked for a week's menu, adding:

"I want to show my wife, and maybe I can get her to cook a man-size meal."

His name was withheld for obvious reasons.

SAYS READINGY WILL AMUSING, ENLIGHTENING

By HAL BOYLE
NEW YORK (AP) — Have you made out your will yet?

If not, you ought to. Otherwise after you're gone your relatives will wind up squabbling over who gets your new two-pants suit and the gold fillings in your teeth.

Millions of Americans postpone making out a will because the mere thought depresses them. Actually, it is rather an enlightening experience.

"I'll go along with you—just so you won't feel nervous," says your wife, when you tell her you are going to a lawyer to make out your will.

Held Speechless
You have a deep inner conviction that this isn't her real reason at all. But what can you say? So along she comes.

"Have you decided just what you want to do?" asks the lawyer. "Yep," you tell him. "The first thing I want to do is disinherit mankind. That's only what it deserves."

"Heh, heh, heh," laughs the lawyer coldly. "Now what about your material possessions? Do you own any stocks, bonds, country homes, yachts or old grain elevators?"

Another Question
Any other chattels?"

"Just her," you reply, pointing to your wife.

Well, it turns out after further questioning that about all you have to leave is a few sticks of furniture, your life insurance, and your clothing.

In a burst of husbandly generosity, you say: "Just make everything over to my wife. After all, she is a good woman, and she has given me the best years of her life—she says."

Lengthy Item
The secretary types out the will. For some reason, no matter how little you have to leave, the document always runs to three or four pages.

But after disposing of all your worldly goods—and paying the lawyer—you find you have just \$2.63 in your pockets.

"I'm worth more dead than alive," you complain on the bus going home.

Suddenly you remember something.

"I forgot to ask the lawyer who I should leave my credit cards to," you exclaim.

"Never mind, you can take them with you," says your wife, patting your hand again consolingly. "Where you're going, you'll need all the credit you can get."

Chiang's Grandson May Go To Jail

OAKLAND, Calif. (AP)—Chiang Kai-shek's grandson, Alan S. Chiang, will learn Thursday whether he must serve a five-day jail sentence on charges of speeding 80 miles an hour on an Oakland boulevard. He seeks diplomatic immunity.

Chiang, 25, a student at Armstrong Business College here, was cited Jan. 23. Chinese Consul General Patrick Pichi Sun appeared in Municipal Court in Young Chiang's behalf Friday. He said Chiang has a diplomatic passport and is entitled to diplomatic immunity.

Judge Charles W. Fisher continued the case until Feb. 11 but told reporters he doubted whether he could depart from court policy of imposing a jail sentence for speeding.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—Progress in civil rights may seem snail-slow to Southern Negroes who have been denied them. But some progress is being made, in bits and pieces.

Tuesday the Senate, by a two-thirds vote and without a Southern filibuster, approved a constitutional amendment to outlaw any requirement for payment of a poll tax before a person can vote in federal elections. Only five Southern states still have a poll tax.

The ban won't become a reality unless two-thirds of the House, and after that three-fourths of the states, also approve. The states have seven years in which to act.

Perhaps the long delay before the tax can be banned explains in part why Southern opposition to it was less than all-out. The amendment was even sponsored by a Southerner, Sen. Spessard Holland (D-Fla.).

Loss Significance
Maybe a better explanation is that the poll tax as an issue has lost most of its significance. Negroes are better able to afford such a tax now than they were in the poverty-stricken years of the past.

Nowadays Southern whites want to keep Negroes from voting use other means: intimidation or blocking them from registering. Yet, no longer ago than the 1940s, anti-poll tax proposals were a flaming issue.

Actually, in those days attempts to get through such a measure were the prelude to a political farce in Congress. Almost

invariably the House would pass a bill but Southern Democrats in the Senate filibustered it to death.

Never Reached Senate
This happened in 1942, 1943, 1945 and 1947. In 1949 the House again approved but the anti-poll tax bill never reached the Senate floor.

Of course there was a great difference between the anti-poll tax bills which the House approved but the Senate blocked and the amendment approved Tuesday. A bill would have become law immediately after a simple majority vote in both houses.

It may be seven years before the states approve the constitutional amendment accepted by the Senate, provided two-thirds of the House members also go along. It is still questionable whether the states will approve.

But the dam against civil rights progress was broken in 1954 when the Supreme Court outlawed public school segregation and made civil rights such a national issue that neither the North nor South could ignore it.

Barriers Broken Down
It is doubtful that Congress in 1957 could have passed its first civil rights bill in 82 years—also without a filibuster — if the Supreme Court hadn't broken down the barriers.

Later this year there is a strong possibility that another civil rights bill — perhaps more meaningful than the extremely mild one of 1957—may get through.

The amendment which cleared the Senate Tuesday got some Southern opposition, largely on the grounds that even a change in the Constitution to forbid the poll tax as a prerequisite to voting is an interference with the rights of state to set up their own voting requirements.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

Scribe Lauds Determination Of U.S. Coeds

By DOROTHY ROE
COLUMBUS, Miss. (AP)—Anybody who's worried about the future fate of the nation should take a few days off to get acquainted with America's college girls.

I don't mean just the prom-trotting belles of the Ivy League circuit. I mean the just as glamorous but less bored youngsters of the Midwest and the South, who often have to work their way through college. Not only are there more of them, but they also represent what makes America tick.

"Most Fun"
The most fun I've had since my own college days was this week on the beautiful old campus of America's oldest state-supported women's college, the Mississippi State College for Women. Here 1,400 girls are learning the arts and sciences they will need to face the complicated future. Many hold down full-time jobs on the side and all are ready to face whatever the next decade may bring.

I had the privilege this week of refereeing a bout between these fast-thinking, completely realistic students and a group of the nation's most famous educators, fathered to settle the fate of women's education for the next century. Students were invited to submit questions after each of the erudite lectures.

Here are some of the questions: "Should a married couple still going to college practice birth control?"

Affirmative Reply
(The answer was: "Heavens, yes.") Yet despite the advice of the assembled college presidents and doctors of philosophy, there seem to be more and more students all over the country who bring two or three children along to graduation.

Question: "If both husband and wife have jobs, should the husband help with the housework?"

Answer: "Not unless you want all your dishes broken."

Question: "Can a woman do a man's job and still keep her femininity and her husband's love?"

Answer: "If she can't, she better start learning how."

TALLADEGA, Ala. (AP) — Love is getting put back a pace or two in this tiny east Alabama town. City officials said they plan to renovate telephone booths — with more glasswork and better lighting — to reduce necking in the booths.

MALESTER, Okla. (AP) — C. B. Coplen, 44, said, before he was convicted of jail breaking, that the reason he fled from the Quinton city lockup was because it was too hot and his sentence was too long.

Toy Pistol, Stolen Bike Used In Holdup

DALLAS, Tex. (AP) — A 14-year-old boy held up a grocery store with a toy pistol Friday night, escaped with \$60 but was captured making his getaway on a stolen bike.

Deputy T. S. Hood nabbed the boy a few minutes after the holdup. In the basket of the bicycle was a cap pistol and a sack of money he had taken from manager Earl Bridges.

The youngster told detective J. R. Leavelle he staged the holdup to "get money to buy me a car."

FALSE BLUFF
OKLAHOMA CITY (AP) — Earl Galbraith, 12, got into a squabble with a schoolmate who threatened: "I'll knock your teeth down your throat."

"You'd better not," answered Galbraith. "My daddy won't like that because my teeth cost \$600." His adversary walked away.

BARFOOT BURGLARS
HOLLIS, Okla. (AP) — With a loud shout, Mrs. Blaine Donley frightened off two would-be burglars inside her home. The pair left in such a hurry they failed to pick up their own shoes on the porch.

SHOT IN THE ARM
FORT KNOX, Ky. (AP) — Children turned out in unexpected large numbers for polio shots at this Army base.

Health officials suspected one reason may have been the site of the clinic: a large helicopter from the Army's Aviation Command.

ANTIGO, Wis. (AP) — A poker player will have no trouble flushing out the top grades of potatoes marketed this fall by a new marketing cooperative formed in this spud capital of Wisconsin. They'll be called, in order of quality, Antigo Royal Aces, Antigo Kings and Antigo Queens.

Since the 10th Century, the Free City of Danzig on the Baltic has been alternately occupied by the Poles, Germans, Russians and once under League of Nations supervision.

IT'S THE "Something More" THAT MAKES BLUE CROSS BETTER!

Your "Special Services" Are Paid For

What has happened to the doctor's little black bag? Startling medical discoveries in the science of healing are bringing into use such complex machines as the micro-gasometer, electric-encephalograph and the deep x-ray therapy machine. These intricate machines can hardly be "tucked into the little black bag."

Your doctor, therefore, expects your hospital to provide much of this costly equipment and, of course, the skilled, technically-trained personnel necessary to operate it.

Years ago, few things were expected from your community hospital beyond nursing care and operating room services. Today, a myriad of life-saving services are required—expensive to be sure, but vitally essential to speed your recovery.

Many of these "Special" services are covered by Blue Cross "Service" benefits... another example of the "Something More" that makes Blue Cross Better.

FOUR COLLEGE STUDENTS DIE IN AUTO CRASH

MANFIELD, Pa. (AP) — A manslaughter charge will be lodged against the driver of a car which smashed into a parked truck trailer Sunday killing four Mansfield State College students.

Three other riders, including the driver, were injured in the crash.

State Trooper William Kalsner said a warrant has been obtained against Merrill C. Perry, 22, of Harrisburg. Perry was the only one of seven occupants in the car who was not a student at the college. He had been visiting for a weekend.

Early Morning Tragedy

Killed were David Brooks, 19, Meshoppen; Robert L. Seal Jr., 19, Eldred; Zane Kemler, 21, Berwick; and Philip J. Dewitt, 21, Troy.

In serious condition with internal injuries at Blossburg State Hospital was James G. Fox, 20, of Athens.

Perry suffered shock and abrasions, Robert Hunter, 21, of Springville, was in fair condition with multiple bruises and abrasions.

Kalsner said Perry was driving the sedan back from New York State when the accident occurred about 1:40 a.m.

Skidded Into Trailer

He said Perry went off the right side of the road, traveling along the shoulder for about 200 feet. Perry then apparently spotted the trailer parked alongside the road and cut sharply to the left to avoid it.

But the car skidded and

slammed broadside into the end of the trailer, Kalsner said.

The trailer, which was loaded with steel, had been parked several hours earlier by Loran Beebe, of Buffalo, N. Y. He had unhooked his tractor and taken it to a garage to repair the transmission.

The accident occurred on U. S. 15 about two miles north of Tiooga, not far from this college town.

KENNEDY IS SEEKING DEAL WITH BROWN

By MORRIS LANDSBERG

ALBUQUERQUE, N.M. (AP) —

Spokesmen for Sen. John F. Kennedy (D-Mass.) approached California party officials at the Western Democratic Conference and proposed terms under which Kennedy would stay out of the California presidential primary.

The Massachusetts senator's campaign aide, it was learned, expressed doubt he would enter the winner-take-all contest for the state's 81 convention votes against Gov. Edmund G. Brown's favorite-son candidacy.

But, the Californians were informed, the Kennedy people would like definite assurances from Brown that he would release his delegates after the first ballot in Los Angeles. Brown has disavowed serious presidential ambitions.

Message Sent Back

Robert Kent, California Democratic state vice chairman, and Elizabeth Smith, national committeewoman, were asked to take the message back to Brown. They did not commit themselves.

One Kennedy staff member voiced concern Brown might hold the delegation until it was too late to help the senator's bid for the presidential nomination.

Kennedy said after his speech here Sunday that he would make a decision on whether he would enter the June 7 California primary within the next month. He noted the filing deadline for the California primary is May 8, two days after the Wisconsin primary, in which he is opposed by Sen. Hubert H. Humphrey of Minnesota.

do not have to be ready for construction when the application is filed with the department. He pointed out school districts were not assured of reimbursement on the projects until the ceiling was raised by the last session of the Legislature.

Tresslar explained a combination of factors contributed to the high rate of construction. Including replacement of obsolete buildings, reorganization of school districts, a shifting population and smaller classes in elementary schools.

SAYS RUSSIA HAS CUT DOWN ON NEW SUBS

By EDMOND LE BRETON

WASHINGTON (AP) — Adm. Arleigh Burke says the Soviet Union has cut down on submarine production, but the Soviet submarine fleet poses "one of the gravest military threats we face."

It is known that some Soviet submarines can fire missiles, the chief of naval operations told a House Appropriations subcommittee. He did not elaborate in that portion of his testimony made public today, but he said the Soviet threat extends both to sea communications and to U.S. cities.

Burke's testimony also supported current U.S. intelligence estimates based on Soviet intentions as well as Soviet maximum capabilities.

Made Gross Errors

"We have made gross errors in the past by using the old system," he said.

Burke cited what he said were estimates that the Soviets could build "hundreds and hundreds of long-range bombers," but said they did not actually do so.

He went on, "They actually built submarines in 1956. They had the capability to continue, but what did they do? They got a large number of submarines and then they stopped and they went

into new production, but their new production is much less.

May Have 500

"They will build submarines at some lesser rate to replace probably the submarines they now have and keep their submarine force about level. You can get a capability on a crash program and be completely misled."

Burke's published testimony contained no estimate of present Soviet submarine strength. Earlier estimates have ranged around 500 new or recent craft.

U. S. District Court Judge Her-

bert P. Sorg said in Pittsburgh he would sign a temporary restraining order at 11:15 p.m. Saturday if the full shift of railroaders did not report for the midnight shift. The order was not needed.

USW President David J. McDonald sent the strikers a telegram ordering them back to work. He also urged that they continue negotiations with the company. McDonald said the strike was not authorized.

The railroad hauls raw materials and finished products to the plant which employs some 17,000 workers.

PLANES SEEK MYSTERY SUB

BUENOS AIRES, Argentina (AP) — Argentine warships and planes searched today for a mystery submarine believed lurking off the coast of southern Argentina.

Newspapers claimed the submarine has been bottled up in the Golfo Nuevo, a strategic 30-by-40-mile inlet 650 miles southwest of Buenos Aires. There was no indication of its nationality.

Navy Secretary Gaston Clement confirmed that a widespread search is under way but described some of the press reports as "absolute untruth." He refused to discuss stories saying the submarine had been hit by depth bombs dropped

by planes.

The navy secretary complained that the sensational treatment of the operation "has created a false atmosphere."

The newspaper Democracia said the trapped submarine had been damaged and two other submarines quickly moved into the area to divert search forces so the crippled craft could slip away.

Tune In WGET, 1450 On Your Dial

SOMERSET, Pa. (AP) — Mrs. Mary Judge, 81, of Chester was reported in fair condition today at Somerset Community Hospital with injuries suffered in a one-car crash on the Pennsylvania Turnpike.

Mrs. Judge suffered fractures of both legs and face cuts when a car driven by her nephew skidded and crashed into a guard rail seven miles east of the Somerset Interchange Sunday.

DISPLEASED CUSTOMER

MILWAUKEE (AP) — David Brooks is involved in a divorce suit because he bought some pictures of a nude woman. But Brooks, not his wife, is filing the divorce action. He got the surprise of his life. Brooks testified in Circuit Court, when he discovered that the pictures were of his wife.

THINGS LOOK BETTER FOR GLEN LONGS

HOUSTON, Tex. (AP)—Things looked much better to the Glen Longs today.

People started dropping in at their trailer camp Sunday after a newspaper story told how the unemployed watch repairman and his wife and baby daughter were about to be evicted.

Things had been tough a long time for Glen, 21, and Barbara, 23. They worried that their 10-month-old daughter faced hardship, too.

Both are wheel-chair invalids. It was pretty touching to newsmen when Glen tried to sell Tokey, the couple's dog, for rent money.

Long lost the use of his legs in a highway crash when he was 15 and lost his job when his employers went out of business last November. Barbara was stricken with polio at 12.

"It was 10 o'clock in the morning when it all started," Mrs. Long said. "A city bus driver knocked on the door, handed me a check and said, 'There is your rent.'"

By the end of the day more than 100 persons had stopped by the trailer, played with Tokey, a registered Pekingese, and offered money, groceries and jobs.

The Longs' savings had played out weeks ago. There was no fuel to heat the trailer and the baby was on the last of her milk.

Long had found jobs are tough to get for a man in a wheelchair. But "I got six offers in one day," he beamed.

DR. TOM, PRIZE CHIMP, DIES

BALTIMORE, Md. (AP) — Dr. Tom sat down at a piano to play real jazz.

Baltimore Zoo Director Arthur Watson said "he deliberately selected He didn't pound."

High praise for a chimpanzee. Dr. Tom was a TV star for eight years.

The Peabody Conservatory rejected his work. The sensitive ape never got over it.

Afterward he tried painting and clowning in a baseball suit, but he failed at both.

Dr. Tom died during the weekend in the prime of his life.

The veterinarian said he found a bad liver and other disorders in the 10-year-old chimpanzee.

He did not mention an artistic soul once disillusioned.

BALTIMORE (AP) — Origami is the ancient Japanese art of folding paper into complicated birds and other forms.

When a New York museum sent out catalogs for its international exhibit of Origami, each was plainly marked "Do Not Fold."

PLATTSBORO, Neb. (AP) — When dedication ceremonies of a new flood control dam had to be shifted to town where it could be held indoors because of rain, the Plattsboro Journal topped the story with this headline:

"Hill City" Project Dedicated Friday . . . Not by a Dam Site.

LEGISLATURE TO DECIDE ON ADJOURNMENT

HARRISBURG (AP)—Republicans and Democrats today face the only major issue left on which to do battle—the date of the Legislature's final adjournment.

The contestants — legislative leaders of both parties—face each other this afternoon in an attempt to settle the issue. Their respective party caucuses are expected to endorse any agreement.

Democrats, edging back from their earlier demand for immediate adjournment, are willing to accept a recess. But they still want some final adjournment date brought out in the open.

GOP Wants Recess
"I'll go along with some recess if they (the GOP) will tell me when they're going to adjourn sine die 'finally,'" said Stephen McCann, House Democratic floor leader.

This, however, the Republicans have so far declined to do. And although still backing a recess until June to allow a better look at revenue prospects, they say they want to see how conditions are when they return before setting the date for the end of the 1960 session.

"I don't see how we can tell whether we should adjourn in June this far in advance," said James S. Berger, Senate Republican floor leader. "We'll have to play it by ear."

REQUEST FOR BIDS
The Upper Adams School District hereby invites sealed bids for the purchase of one or more sixty-six (66) passenger school buses and one or more seventy-three (73) passenger school buses.
